

# Quicken Workshop

**Where:** Computer Learning Center (Gate 2 at the Fairgrounds)

**When:** Wednesday, July 14, 11:30-1:30

**Instructor:** Bob Reeves

**Cost:** \$10.00

Have you wondered about Quicken? Come to this workshop and you'll get an introduction and exposure to Quicken that will help you decide if Quicken can assist you with your personal finances.

## **View your accounts all in one place**

Quicken Organizes your finances by bringing your online accounts together — including checking, savings and credit cards. Avoid the hassle of going to multiple websites. Now you can see it all in one place with just ONE password. Access over 6,700 banks, brokerages and other financial institutions — including PayPal.

## **Never miss a bill**

See what bills have already been paid, what's coming up, and if you have enough left in your accounts to cover them — all in one convenient place. Set reminders to pay bills on time and instantly check the status of past bills.

## **Watch your savings grow**

We make it easy to get on – and stay on – a budget. Quicken's Spending Planner automatically sets up budget goals based on your historical spending. You can easily customize your plan, and Quicken then tracks your progress.

## **Save money and shop smart**

Quicken's free service called *Quicken Picks* seeks out the best online coupons and discount offers just for you, on the stuff you care about. You also get cash back on all your purchases, helping you save even more. You can sign up for *Quicken Picks* anytime within your Quicken software.

Quicken will help you manage your investment portfolios, simplify your rental property, track medical bills, and link your finances to tax software
